

Advanced Dyslexia Training Course 2024

Advanced Dyslexia Training Course provides multisensory-structured literacy instruction to enhance the diagnostic and prescriptive abilities of any teacher working with struggling readers requiring targeted or intensive intervention beyond basic phonics skills. Topics covered in this course include: advanced phonics instruction, a scientific approach to spelling, fluency practices, vocabulary building, comprehension techniques, and advanced morphology. Upon successful completion of the course, trainees will be able confidently provide diagnostic instruction and implement knowledge to supplement any existing curriculum.

Begin with a 2-Day Summer Session

- In-person training August 1 & 2, 2024
10 instructional course hours; Mercer County, Ohio

New Format! Complete the remainder of the course at your own pace

- Asynchronous Modules
Approx. 21 instructional course hours
Content is shared in pre-recorded one -to-three hour modules
- Assessment of your knowledge of course content
Text chapter summaries, observation demonstrations, personal projects
- Clinical practicum with Tier 3 students
Recommended 45-60 hours; although you will have one primary practicum student, you have the option to choose two or three students with differing needs. (i.e., one student may need phonics and spelling instruction; another, fluency practice; a third vocabulary and comprehension strategies.)
- Certificate of Completion
Apply towards teacher certification hours and ALTA CEs

Trainees need to purchase:

- *Multisensory Teaching of Basic Language Skills text, 4th ed.*
-Judith Birsh & Suzanne Carreker
- *Multisensory Teaching of Basic Language Skills Activity Book, 4th ed.*
-Judith Birsh & Suzanne Carreker
